S. H. & H. Chapman,

Dear Sirs:-

We have a good many of the coins that we are interested in, as listed in the Wilcox catalogue, including the early U.S. gold coins, California gold coins from the $50 slugs to gold quarters, Colorado gold, Mormon gold, including 2 fine specimens of 1850 and the Beehive coins, $4 dollar gold coins with the metric sets, 1839 dollar, several 1836 dollars, and numerous other rarities. This is in explanation as to why I do not bid for more coins. Of course there are other coins

that we will need in the future, including some specimens that are not listed in the Wilcox catalogue. He never was interested in postage stamps nor encased postage stamps.

In the Hope sale of coins, Feb. 28th., 1879, one very fine $10 gold coin, corresponding to number 75 in the Wilcox collection, sold for $27.50. In the Lyman Low sale of June 23rd., 1900, a fine 4 star small eagle 1847 $10 gold coin sold for $34.00.

As I am particularly desirous of obtaining numbers 75 and 1085 to fill up a gap in their respective series of fine specimens I will raise my bid on number 75 to $45.00 and chance the result.

Yours Truly, E.W. Leonard.

Dear Sir:-

Your letter at hand and contents of choice coins noted. The $50 U. S. Assay, and $50 D. G. and 1839 Dollar I have. A N 1851 Augustus Humbert, U. S. Assayer of Gold etc. is desired in strictly fine condition, price considered reasonable on want demand. Although I bid $288.00 for a former exceptionally fine specimen of the Mass Mollator & Co. $50, which was $13.00 higher

than a former very fine speci-
imen sold for, I consider
that I can not handle this one
even at $280.00, as I am
in correspondence for
other coins to fill out cer-
tain sectional lines that
I am more interested in than
the Mass Mollitar, not-
withstanding that it is one
of the highest developments
of a collection of Territorial
gold, barring a possible half
dozen greater rarities.

Yours Truly,
E.W. Leonard
